

Baywood Building & Design is seeking an architect/designer to work on a consulting contract basis on upcoming residential and small commercial projects. The ideal architect/design candidate would be willing to work in conjunction with Baywood's in-house design team on preliminary conceptual design, working drawings and permit documents, including program development, space planning, construction detailing and specifications, electrical layout, etc.

This position requires a willingness to work with other creative individuals, an enthusiasm to share design responsibility, and a unique and detail-oriented approach to design and architecture.

Baywood Building & Design is an established high quality East Bay design-build firm. Our focus is on custom residential remodeling and restaurant/retail commercial work. We emphasize extraordinary client service, meticulous attention to detail and excellent organization. We also strive to incorporate an artisan design and green construction sensibility into our projects.

To get a better sense of Baywood projects and aesthetics, please take a peek at the portfolio on our website at <http://www.baywoodbuilding.com/portfolio.html>. Please email or fax resume, including three work references, and include portfolio images [or a link to a website if possible].

In addition, Baywood has a furnished office space in an artistic design/build office in Emeryville available for rent. We'd prefer to rent to an architect or designer in the building trades. The space is 13'8" x 10'4", about 140 sq. ft. The office features: shared copier and fax, kitchen, bath and dining area, security system, light housekeeping included, single parking space, casual environment with friendly folks and cat, outdoor patio, and utilities included. The office is conveniently located off the I-80/580.
